Rusty Rail Price List  
All Prices Subject To Change

**RRS-H-05** - Here is a building that is about to go over. If you have ever been to an old town or ghost town you have seen one of these. Junk piles and old model T surround this building. Just check out the wall detail patches and all. This is a two piece casting, Measures 4" by 4" and 2 1/2 " tall. All resin casting. **Price is \$15.00.**

Rusty Rail Price List  
All Prices Subject To Change

**RRS-H-06** - Here is our first HO building that is hollow. You assemble the sides put in the Tichy Train Group windows and doors. Just check out the wall detail patches and all. This unit has no base. I threw in some extra Rusty Rail castings to bring this building to life. Below you can see the walls and roof etc. The only parts that are not resin are the awning posts that are wood that is included with the building. I will provide some paper signs to add to your walls. These buildings will have a small footprint that measures 3" by 2" and 2 5/8 " tall. All resin casting. **Price is \$20.00.**

**RRS-H-07** - This small shack will fit just about anywhere. You can see it as a miners shack, hobo shack, oil field shack or part of a freedom village from the depression era. Molded a lot of detail into this casting. Check out the photos below. This is a one piece casting with a plastic piece for the smokestack. This casting will have a small footprint that measures 3 1/2" by 4" and 1 3/8 " tall. All resin casting. **Price is \$10.00.**

Rusty Rail Price List  
All Prices Subject To Change

**RRS-H-08** - Here is the latest HO offering. This cabin will fit just about anywhere. You can see it as a trappers cabin, loggers cabin, hobo shack from the depression era. Molded a lot of detail into this casting. The roof is removable and check out the inside. Check out the photos above. The roof is in two pieces that you glue together. This would also go good with your HO still scene. This casting will have a small footprint that measures 4 1/2" by 3" and 2 " tall. All resin casting. **Price is \$15.00.**

**Workbenches**

**RRWB-H-01** - Classic old workbench with cabinet. All resin casting. **Price is \$5.00.**

Rusty Rail Price List  
All Prices Subject To Change

**HO Kit Price list**

RRK-H-01 - This is our first all resin kit with complete interior. The kit is of a backwoods garage. It comes with a resin base and all the walls and lift off roofs. The gas pump and a set of separate castings come with the kit. The interior is complete with work benches, tires etc. The detail is also molded into the wall framing with cans and tools. This kit is simple to build and will offer detail that will have everyone looking twice to see what they missed. I have even developed simple painting directions to make the resin look like wood. So check it out and see if this is a kit that would fit on your layout. The kit comes with paper signs. In fact we even threw in a outhouse. I will offer this one built and painted for those of you that asked.

**Price is \$50.00**

Rusty Rail Price List  
All Prices Subject To Change

Well here is our second resin cast kit. Tried to come up with something different you may have not seen yet. This a a complete resin building with the detail molding into the walls. More of these to come just looking for good subjects.

RRK-H-03 - Here is a our latest HO kit the single car garage w/interior. I can remember these garages when I was a kid full of old junk and cob webs. I added all the interior for you all you have to do is paint it and some minor assembly. The base has some great detail as you can see in the pictures below. All you need to do is add your favorite car and you are good to go. The kit is designed to be a single car garage behind a house that lets out into the alley behind the house. You can see the trash cans in the alley. If that does not work for your knock down the fences and have a stand alone garage. A lot of different things you can do with this one. The car in pictures below is not included. Will make another home garage with peaked roof in the future. The base measures 4" by 3 1/2". The kit does require some minor assembly and painting.

Price is \$20.00

HO Scale Scenes

**RRMS-H-01** - Here is our first scene for HO. This is a Moon Shine Still that will fit nicely in some back woods area. Just check out the details, the jugs ready to fill, a stack of firewood to keep the still running, a pile of corn for mash, even a good old boy taking it easy. So check out the pictures above and see what you could do with this one. All resin castings. Measures 4" by 2 1/2" and 2" high. **Price is \$10.00**

Rusty Rail Price List  
All Prices Subject To Change

**RRMS-H-02** - Well as you can see I'm having fun with the scenes. This one is just good old fun. As you can see the scene is full of detail with the shed and all the junk laying around. Then the old trick of lets push the outhouse over with someone inside. Good clean fun. All resin castings. Measures 5" by 3" and 1 1/2" high.

**Price is \$12.00.**

Rusty Rail Price List  
All Prices Subject To Change

**RRMS-H-03** - This casting is another junk car. The car is a 1927 Chevrolet sedan that has seen better days. The original cars were sold by Harry Brunk a few years ago. Harry has granted Rusty Rail the right to cast these cars and we cast the 2 door version in last months news letter, in a junk scene. So I hope you enjoy this one. Check out the fence this is molded into the casting. This is a one piece casting. That back fence is begging for some old posters. This car could be behind a house the trash cans in the alley. I will have some more junk cars coming soon. All resin castings. Measures 3" by 2 1/2" and 1" high. **Price is \$6.00.**

**RRMS-H-04** - We have all came upon a ruin of a old house or cabin with only the chimney standing and some of the foundation. This scene can be dropped in to any place on your layout out in the boon docks. Some of the wood floor and junk are still laying around. The casting measure 4" by 3" by 2". **Price is \$5.00.**

Rusty Rail Price List  
All Prices Subject To Change

RRMS-H-05 -Here is another great junk car that can be placed behind an old building. The auto has a wood bed. Lots of junk laying around. If you only want the car do like I do some times and cut the rest of the casting out. The casting measure 3 1/2" by 2 3/4" by 1". **Price is \$6.00.**

**RRMS-H-06** -This scene could be used anywhere logging, mining, oil field or just junk on a farm. This is a Cat under repair. Lots of junk lying around. The casting measure 3 1/4" by 2 1/2" by 1 1/2". **Price is \$9.00.**

Rusty Rail Price List  
All Prices Subject To Change

**RRMS-H-07** -Here is a little scene catcher a oil storage tank. Lots of junk laying around. Even the roof is caving in. Lots of pipes and valves. This is a one piece casting. The casting measures 3 1/4" by 2 3/4" by 2 1/2".

**Price is \$10.00.**

Rusty Rail Price List  
All Prices Subject To Change

**RRMS-H-08** -The new casting this month in HO is a Jensen Oil Pump. You see a lot of these around my area since we a lot of Oil Pumping takes place in fields about 50 miles from Fresno. Check out the Wild cater checking out his rig. This will go great with the Oil Field Tank we made a few months ago. The casting measures 4" long by 3" wide by 2" tall.  
**Price is \$15.00**

**RRMS-H-09** -The new casting this month in HO is a Logging Steam Donkey. This is a abandoned steam donkey in the woods left behind. The casting is shipped in 4 pieces the base and the drums and the boiler. This will make a unique scene for your railroad. All resin casting and comes unpainted. The casting measures 5 1/4" long by 3" wide and 3" high.  
**Price is \$18.00**

Rusty Rail Price List  
All Prices Subject To Change

**RRMS-H-10** -The new casting this month in HO a old gas powered shovel left to rot. This guy has had his cab stripped off and is ready for the junkman, The casting comes in four parts and does require some assembly. This will make a great addition to an abandoned mining, logging or industrial site. All resin casting and comes unpainted. The casting measures 4 1/4" long by 3" wide and 3 1/4" high.

**Price is \$18.00**

**HO Scale Truck Conversions**

Below you will find our resin conversion kits for HO trucks that are currently on the market. These should fit a a lot of different truck frames. As I match them to different frames I will let you know what will work. Or we can build them for you painted and weathered. More of these to come. Some fun stuff that will turn some heads.

RRTK-H-01 - Ok here is the first HO scale truck conversion. This is a Jordan Highway Miniatures Packard truck kit with our resin log load added. You get the resin log load and some chain and build your own. Or we can build them for you painted and weathered. More of these to come. Some fun stuff that will turn some heads. This price does not include the truck just the resin conversion kit only.

**Price is \$7.50.**

Shacks

RRS-O-01 - Classic old lean to shack lean against any building. Measures 3" in length 2" tall and 1 1/8" in width. All resin castings. As with all of our castings they are hand carved and have unique details. **Price is \$7.00.**

RRS-O-02 - Classic roof access this is from our Felton market. Measures 2 1/2" in length 1 5/8" tall and 1 1/8" in width. All resin castings. As you can see this casting has a lot of unique features like a tool bench on the side. **Price is \$6.00.**

Rusty Rail Price List  
All Prices Subject To Change

RRS-O-03 - Here is a add-on building you can add to almost any existing building. In the pictures above you can see the shed butted up to another building. Check out the detail cast right into the walls. All you have to do is paint, assemble and place and you have a nice addition to an existing building. This is a 5 piece resin kit that you assemble and paint. The building is 3 1/2" long by 2" wide and 2 1/2" in height at the highest point. The roof is a tin roof and the framing for the rafters is on the inside of the roof. We are even going to throw in our new junk pile of old tires to place outside the shed. **Price is \$29.00.**

Rusty Rail Price List  
All Prices Subject To Change

**RRS-O-04** - This Trapper Cabin I made for my own railroad. I wanted one of those small run down cabins for in the woods. What's cool about this cabin is that you can remove the roof and I have added some detail. You could even have the still running in the back, now thats a scene for your railroad. And have the sheriff showing up in his model T. Check out the pictures below. The cabin measures 2 3/4" by 2" and is 2 3/4" tall. The casting is several parts and comes unpainted.

**Price is \$15.00.**

Rusty Rail Price List  
All Prices Subject To Change

**RRS-O-05** - Here is our new outside shed. This could fit anywhere logging camp, mine, or any industrial site. Check out the detail built into this scene. I set this up as a small engine repair shop. You can even see the openings between the boards on the side of the shed. As you can see from the photos above this casting is full of detail and could fit any where on your layout. This casting is 6" by 4" and 2 1/4" high. All resin casting and comes unpainted. The figure you see in the pictures *IS NOT INCLUDED*, just for comparison. **Price is \$20.00.**

Rusty Rail Price List  
All Prices Subject To Change

**RRS-O-06** - I always wanted to make a shack in this style with the porch in front. I added a bunch of detail to the outside walls (no interior in this one). The pictures below shows the detail molded into the walls. You will even see the shack bath tub hanging on the back of the shack. This comes with a base the four interlocking walls and the roofs and of course a stone chimney on the side. I think I will throw in the woodpile and the chopping block in nice addition. All resin casting and comes unpainted. The cabin measures 5" by 3 1/2" by 2 3/4" high. **Price is \$25.00.**

O Scale Scenes

**RRMS-O-01** Here is our first scene for O scale. This junk car is old car is way past its glory days. It's covered in junk and left to time and the elements. All resin castings. Measures 6" by 3 1/2" and 2" high. **Price is \$10.00**

Rusty Rail Price List  
All Prices Subject To Change

**RRMS-O-02** - Here is the next O Scale Scene. We have all seen this one before the trash trucks use to wake you up once a week to dump the trash. You have a set of trash cans with lids, two w/o a lid, two with the lid half on. and last but not least the spilt can. You also would have a burn barrel to burn your trash. Then check out the dog by the spilt can. And the cat on the fence. The fence is a separate piece add it or leave it off. This is a two piece casting that measures 3 1/2" by 2". Just paint them up and they are good to go.

**Price is \$7.50**

**RRMS-O-03** - If you are working on a layout from the hills of Tennessee to the south one of these would fit in your wooded area. Out of sight of the revenuers. Check the detail on this one, even the double barrel shotgun on the woodpile to keep the revenuers away. You have the jugs ready for the moonshine, a real production line. So have some fun with this one. Measures 3 1/2" by 2 1/2".

**Price is \$7.50**

Rusty Rail Price List

**RRMS-O-04** - This casting shows the excitement I get of going to old junk yards. I could spend hours roaming through the old cars. This shows a 1931 Ford that could be out in the back of a abandoned house or in an alley. This is a two piece casting with the headlights cast separately. You can have some fun wit this one. Measures 4 1/4" by 3 1/2". **Price is \$10.00**

**RRMS-O-05** - Well I cannot stop making these, will be able to make a junk yard soon. This shows a 1934 Ford pickup that could be out in the back of a abandoned house or in an alley. Check out the junk in the pickup bed. You can have some fun with this one. All resin casting. Measures 5 1/2" by 3 1/2" and 1 1/2" high. **Price is \$10.00.**

RRMS-O-07 - This one is really cool all that is missing is the bullet holes. Just check out the detail. This old model T has seen better days. The seats rotted years ago and just left the wood slats. The inside of the cab even has dirt molded in. Notice the weed growing in the cab area. This casting is 4" by 3 1/2" and 1" high. All resin casting and comes unpainted. **Price is \$10.00.**

**RRMS-O-08** - Here I go again another of junk car. This was a Ford with a cloth top insert that has long rotten away and the interior is gutted. Check out the interior shot. The flathead engine is still around now ( must have been a blown motor or that would be gone by now) but that's about all. This casting is 5" by 3" and 1 1/2" high. All resin casting and comes unpainted. **Price is \$10.00.**

All Prices Subject To Change

RRMS-O-09 - Well here is a casting that will get you imagination going where to put it? Behind the engine house, by the logging camp or by that old mine. This will be a study in rust and how weathered can I make this thing!! Mine is going in the bottom of that canyon below my trestle on my layout. The cab was cut down to show the wood falling apart. You may want to remove the resin cab and make a real wood cab or add more detail its up to you. The cost on this one is not cheap since the mold will not last long and will have to be replaced a lot. But this will make a scene on your layout that will make viewers go WOW!!! This casting is 5" by 3" and 2 3/4" high. All resin casting and comes unpainted.

**Price is \$25.00.**

**RRMS-O-10** - Here is a loading dock you can use to load freight on to your cars. The dock measures 5" long by 2" wide and 3/4" tall. This is a one piece casting. All resin casting unpainted

**Price is \$8.00**

**RRMS-O-11** - Here I go again another of junk car. This is a 1932 Coupe with a cloth top insert that has long rotten away and the interior is gutted. Check out the interior shot. The flathead engine is still around now ( must have been a blown motor or that would be gone by now) but that's about all. Added an old tree stump. This casting is two pieces for the detail guys to have some fun. This casting is 5" by 4" and 1 1/4" high. All resin casting and comes unpainted. **Price is \$10.00.**

**RRMS-O-12** - Here is a Cat under repair or in the bone yard you decide. This casting would look in a logging, mining or even farming scene. Check out the tarp molded into the casting and the head is removed showing the exposed cylinders. The figure is not included and just to compare sizes. This casting is 4 3/4" by 4 1/2" and 2 1/4" high. All resin casting and comes unpainted. **Price is \$25.00.**

**RRMS-O-13** - Here I have created some track bumpers for the ON30 crowd. These match up to the end of your existing track. You see the two styles below. This includes one of each for two castings. Both castings are about 3 1/2" by 2". All resin casting and comes unpainted. | **Price is \$8.00**

**RRMS-O-14** - This is the largest casting I have made to date. And takes about three times the resin one of the other large castings take. The casting is shipped in two pieces the base and the boiler. This will make a unique scene for your railroad. All resin casting and comes unpainted. The casting measures 7 1/2" long by 4 1/2" wide and 4 1/2" high. **Price is \$30.00.**

**RRMS-O-15** - This is an old Packard truck that has been abandoned. This would fit behind an old mine or logging site or behind one of your business. Or if you want to make an auto junk yard we have several of these castings. I give you a steering wheel to add and you can use some wire to make the gear shifters. This will make a unique scene for your railroad. All resin casting and comes unpainted. The casting measures 7" long by 3" wide and 1 1/2" high. **Price is \$20.00.**

O Scale Railroad Loads

**RRCL-O-04** - Here is our next load made to fit the Bachmann ON30 Gondola. The cars are great little models. This model requires a crane that I do not supply. I used the crane from Turner Model Works at <http://www.turnermodelworks.com/>. As you can see a little paint and weathering then a Rusty Rail load casting and what a difference. Just check out all the detail in the car load. Once you add the crane you have a one of a kind car.  
**Price is \$10.00.**

**RRCL-O-01** - Here is our first load made to fit the Bachmann ON30 Gondola. The cars are great little models. As you can see a little paint and weathering then a Rusty Rail load casting and what a difference. Just check out all the detail in the car load. I plan on making a few different loads.  
**Price is \$10.00.**
